CAPABILITY STATEMENT

A locally owned franchise business operating since 1999. We are part of a global network of service and supply centres to the engineering, manufacturing and construction industries. Our focus is service; our reliable hose breakdown service saves you time and money, getting you back up and going fast.

- Five mobile service vehicles dedicated to servicing Malaga and surrounding areas
- On call 24 hours a day, 7 days a week
- Rapid response
- World class products installed by qualified technicians
- Complete hose & fittings management programmes
- Fully equipped workshop and showroom conveniently located in Malaga
- Power steering and brake hoses made while you wait.

When your business depends on conveying any medium, be it fluid or gas, Pirtek, the market leader in fluid transfer solution has the right people, with the right products and service, in the right place.

Phone us or just call in and check out our monthly specials available now.
