

Company Overview

Western Australia's Steel Supplier of Choice

Capability Statement:

Southern Steel WA brings to Western Australia the wealth of experience and expertise built up by the Southern Steel Group after decades of servicing the Australian market with an extensive range of steel products and engineering services.

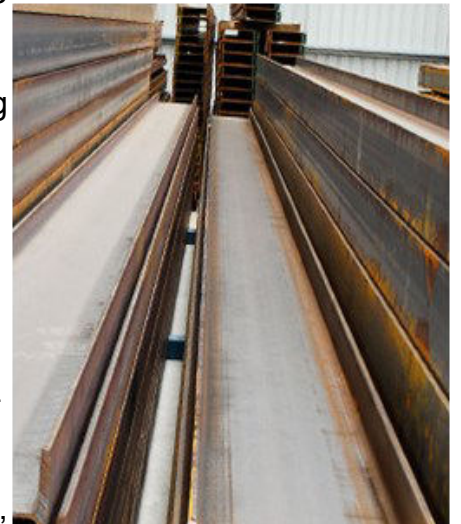

Southern Steel Group is the largest privately owned steel distributor in Australia. It has built up an impressive reputation for reliability, flexibility and excellent service, which our experienced and motivated staff in Hope Valley will use to ensure that all your steel requirements are fulfilled.

Southern Steel WA keeps large stocks at its distribution centre in Hope Valley, and can call upon Southern's huge central stock stores to ensure that we can deliver what ever you need in the shortest time possible.

With a local dedicated sales team and an extensive stock holding Southern Steel WA will find a solution for all of your steel requirements.

Southern Steel WA has been supplying steel across WA since 2008. In our purpose built facility of 36000m², we have over 16000m² of warehouse storage under crane. Our extensive stock holdings and experienced people enable us to manage the supply chain for large projects and end users, whilst our customer focused, flexible culture has generated a diverse, loyal customer base from owner operators to large multi-nationals.

Southern Steel WA have forged a reputation of quality steel products, on time every time. We look forward to assisting you with your next steel requirement.
